Construction History and Projections				
In the spaces provided below, please enter the projected number of ENERGY STAR Homes you intend to complete in Rocky Mountain Power's service territory in 2009/2010 and your projected total number of home starts for 2009/2010.				
Projected ENERGY STAR homes to complete in Rocky Mountain Power's service territory for 2009/2010				
Projected total number of home starts for 2009/2010				
Training and Outreach Activities				
The Program will assist homebuilders in promoting the ENERGY STAR brand and communicating the associated benefits of buying ENERGY STAR Homes through targeted training and outreach activities. In addition, the program will assist homebuilders in improving the energy performance of their homes by providing technical workshops for staff and subcontractors. Please indicate your company's commitment to assist the ENERGY STAR staff in coordinating such activities:				
Sales staff training on the ENERGY STAR benefits message:		YES	NO	
Realtor training:		YES	NO	
Training on Energy Efficient Mortgage finance options:		YES	NO	
New home buyer seminars:		YES	NO	
Technical training [building science "best practices"]:		YES	NO	
ENERGY STAR Marketing and Sales				
In 2009/2010 the Rocky Mountain Power ENERGY STAR New Homes program is offering co-op incentives in the amount of \$2,500, \$5,000, \$7,500 and \$10,000 for builders contracted to build in excess of 10, 20, 50 and 100 homes and incorporate the ENERGY STAR and Rocky Mountain Power logos and messaging into their advertising and/or outreach efforts [See 'Cooperative Marketing Fact Sheet' for more information]. Please indicate whether you plan to take advantage of these co-op funds, and in what aspects of your outreach activities you plan to incorporate the ENERGY STAR and Rocky Mountain Power logos and messaging.				
Plan to make use of Rocky Mountain Power's co-op marketing funds:		YES	NO	
Incorporate the ENERGY STAR and Rocky Mountain Power logos in your print ads and/or billboards:		YES	NO	
Incorporate the ENERGY STAR and Rocky Mountain Power message into your collateral materials:		YES	NO	
Incorporate the ENERGY STAR and Rocky Mountain Power logos and benefits message into your Web site:		YES	NO	
Incorporate the ENERGY STAR and Rocky Mountain Power benefits message into your sales process:		YES	NO	
Other [please describe]:
